Introduction

FLT is a specialised business solutions company.

We generate high-quality, customised solutions at low cost. The FLT service repertoire is designed to improve business performance for large and small enterprises.

Our highly-trained workforce is supported by a cutting-edge IT infrastructure. We take pride in gaining a full understanding of client needs. FLT uses outsourcing networks to reduce your operational expenditure whilst ensuring access to high-end resources.

Our input and expertise enhances market competitiveness for any business. We have an excellent track record with proven customer loyalty and satisfaction.

FLT is compliant with the UK Data Protection Act (Registration Number: Z205750X)
